+ 450 participants in international MMT!

“MMT is one of the only math competitions which I am excited for instead of stressed. I love how engaging and interesting each round is.”

- David Freeman (coach)

looking towards expanding to more states...

# Georgia

new region  
MMT 2025

# Illinois

"This tournament is so different and I love it."

"I loved the cave puzzles and would love to continue playing them."

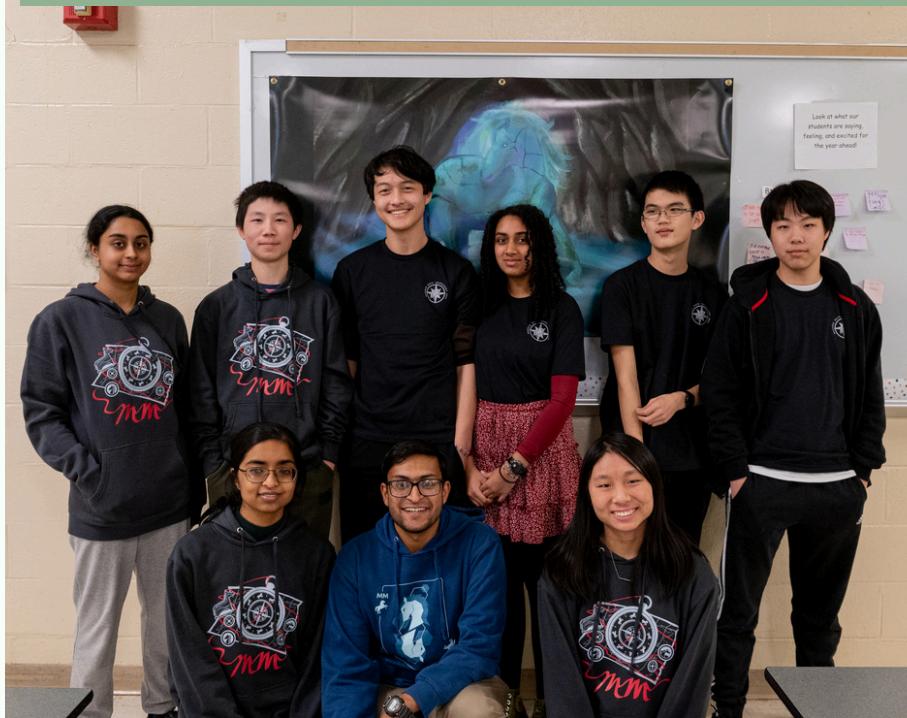

# Massachusetts

**“Gallop was a really good team effort round that was also fun because of the live scores,”  
“Very fun math competition that involved unique and fun rounds” - Kevin Song**

# Nevada

new region  
MMT 2025

"I liked the first section which included unorthodox problems!"

"Herding hexes was fun and challenging." - Grace Godharman

# New Jersey

new region  
MMT 2025

**"I liked the unusual format of the competition and how it was more fun than other competitions."**

# NorCal

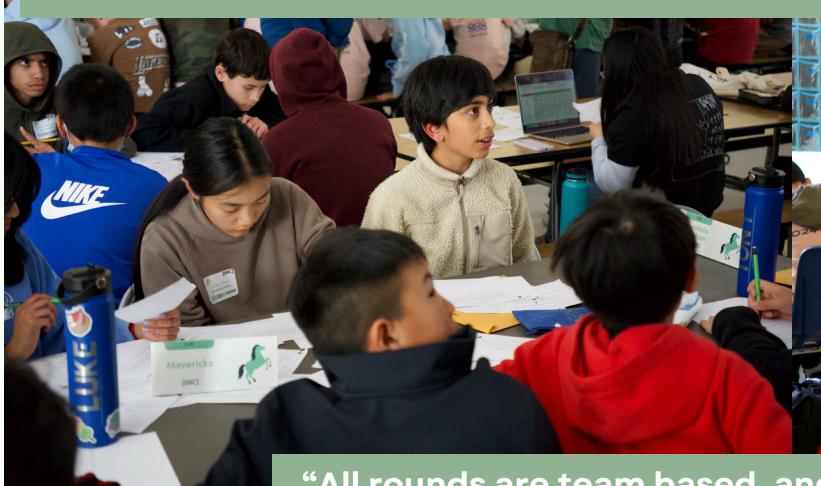

**"Separate divisions for 6/7/8<sup>th</sup> graders."**

**"Theme, puzzle, and gallop live scoreboard is. fun."**

**"Much more fun and low-pressure than Mathcounts."**

**"Creative and varied format."**

**"All rounds are team based, and one person can't do it all."**

**"High quality questions, few errors; students were engaged."**

# SoCal

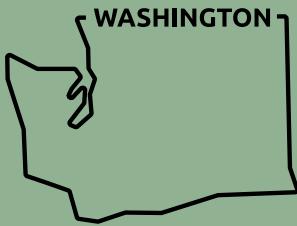

new region  
MMT 2025

**"The mounting mayhem was super fun and it used logic instead of math, which let anyone without a lot of experience to do well."**

**"It was more fun and less stressful"** - Yaromir Stremovskiy

# Washington

**"I liked the unique structure and style of the problems."**

**"cave was cool and unique" "Good organization" - Anish Agrawal**

**"This is one of the best contests I did this year! It also was the longest, and I really liked the mystery puzzle!" - Leeoz Nebat**

**"Focused Filly put a perfect amount of pressure and difficulty to make a fun challenge."**
